Engineered for easy operation and increased reliability.

IMMULITE 1000 Immunoassay System

Answers for life.

SIEMENS

The IMMULITE 1000 immunoassay system provides proven reliability year after year. With an extensive menu, ease of use and robust hardware this system is a great choice for the small to medium size lab.

Why choose IMMULITE® 1000 for your automated immunoassay testing needs?

Maximize your lab's potential and enhance the quality of your patient care.

- Quick, 5-minute daily maintenance.
- Throughput of up to 120 tests per hour.
- Few consumables, for low operating costs and minimal operator intervention.
- Onboard dilutions for HCG and infectious disease assays.
- Remote Diagnostics connection via modem for immediate access to service and support.
- Turbo test results in 15 minutes for critical STAT assays, including Troponin I, CK-MB, Myoglobin, Intact PTH, and HCG.
- Compact benchtop system, when space is at a premium.

Breadth of Menu

The extensive IMMULITE menu includes assays in the following groups:

- Allergy
- Anemia
- Bone
- Cardiovascular
- Congenital
- Diabetes
- Growth
- Hepatitis
- Infectious Disease
- Inflammation
- Metabolic
- Reproductive Endocrinology
- TDM
- Thyroid Function
- Tumor Markers/Oncology
- Vet
- Other

What do customers say they like most about their IMMULITE 1000?*

Assays

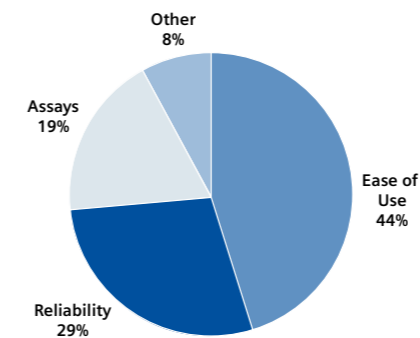

- Menu
- Turbo option
- Cost per test

Reliability

- Dependable
- Trouble free
- No downtime

Ease of Use

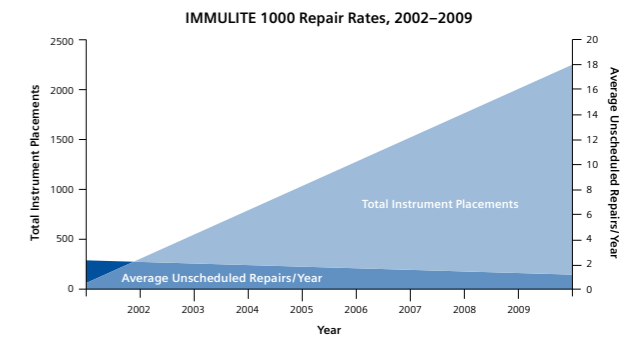

- Simple to operate
- Low maintenance
- Easy to run

* U.S. survey conducted by Omega Management included physician office labs, in vitro fertilization centers, clinics, hospitals, and reference labs.

Can less downtime effect your bottom line?

With approximately 2,200 systems installed in more than 100 countries around the world, the IMMULITE 1000 averages a little more than one unscheduled maintenance visit in a year.

24/7 Customer Support

Siemens Healthcare Diagnostics prides itself on its excellence in technical and field service. At Siemens we are committed to help our customers efficiently manage their immunodiagnostic testing. When your laboratory purchases an IMMULITE 1000 system, it is not just buying an immunoassay system or reagents. Rather, it becomes a valued partner with the Siemens organization through a complement of unique service and support solutions.
